

District Project 2023-24

CNIB Lake Joe - Minibus

Together we can help smash transportation barriers for CNIB Lake Joe Campers! Established in 1961, CNIB Lake Joe is the only accessible camp of its kind for Canadians with sight loss and their families.

This year's District Project will support the CNIB Lake Joe Minibus Campaign, because having safe, comfortable and reliable transportation will enable Lake Joe to share the camp experience with more guests. And, together we can help to ensure everyone who wants to attend camp can.

Through a possible LCIF Matching Grant, every dollar raised by Lions could make an even greater difference, potentially doubling our impact.

We encourage all Clubs to "Get on Board" and support this year's worthy project.

Lion Jerry Rebidoux,

A12 District Governor 23-24
